ENGINEERING INTELLIGENT HYGIENE

For over four decades, Bharat Photon has engineered intelligent touchless automation systems designed for modern architectural spaces, delivering hygiene, efficiency, durability, and future-ready innovation across India.

40+

YEARS OF ENGINEERING EXPERIENCE

Four decades of consistent innovation, engineering excellence and customer trust have made Bharat Photon a leader in intelligent hygiene automation solutions across diverse industries.

INTELLIGENT AUTOMATION

Precision-engineered touchless systems for smarter spaces.

WATER EFFICIENCY

Designed for sustainable infrastructure with maximum water savings.

MADE FOR INDIA

Built for Indian conditions with rugged engineering and long-term reliability

NATIONWIDE SUPPORT

Service-driven ecosystem with quick response and spare availability.

COMMERCIAL DURABILITY

Engineered for high-traffic environments with tested performance.

HYGIENIC INNOVATION

Reducing physical contact and enhancing safety for healthier spaces.

ADVANCED MANUFACTURING

State-of-the-art facility with precision engineering

QUALITY ASSURED

Rigorous testing at every stage of production

EXPERT TEAM

Experienced engineers and technology experts

TRUSTED BY INDUSTRIES

Delivering solutions to leading businesses

URINAL AUTOMATION SYSTEMS

INTELLIGENT FLUSH.
SUPERIOR HYGIENE.

Bharat Photon Urinal Sensor Systems Combine Intelligent Infrared Sensing, Water-efficient Flushing, And Durable Commercial-grade Engineering To Create Hygienic, Maintenance-friendly Washroom Environments For Modern Infrastructure.

WATER EFFICIENCY

Intelligent flush volume for maximum water savings.

TOUCHLESS HYGIENE

Infrared sensor technology ensures 100% touch-free operation.

DURABLE PERFORMANCE

Built with premium materials for long life in heavy usage.

EASY MAINTENANCE

Easy installation and low maintenance design.
